Please read all of the instructions and look at the pictures before attaching the ProClip.

1. Use the enclosed alcohol pad to clean the area where the ProClip is to be installed. Press the thin end of the enclosed gap opener into the gap in the center console sidewall. Peel off the adhesive tape cover on the ProClip.

2. Press the angled edge on the ProClip into the gap between the climate control panel and the center console.

3. Press forward on the right side of the ProClip so the right edge hooks into the gap above the gap opener. Press the right part of the ProClip toward the center console so the angled edge hooks into place properly. Pull out the gap opener.

4. The ProClip is in place.
